# DAVID PALLARÉS

Enthusiastic web developer who's all about creating products that people genuinely enjoy. **I care about making customers happy and prioritize testing, accessibility, teamwork, and writing quality code.**

My skill set includes **JavaScript, React, Node.js, and MongoDB**. Excited about bringing this passion and expertise to a fun and dynamic work environment that values innovation in web development.

## SKILLS

### Front-end

### Back-end

### Others

## EXPERIENCE

### Full-Stack Developer

**OXYGEN**

Jul 2023 - Present

I am involved in the complete development process of a hotel reservation management application using the **MERN (MongoDB, Express.js, React.js, Node.js)** technical stack.

Projects linked to this experience:

**Travl Hotel Dashboard:** [www.tinyurl.com/mirhotdash](http://www.tinyurl.com/mirhotdash)

**Hotel Miranda:** [www.tinyurl.com/mirhote](http://www.tinyurl.com/mirhote)

**Oxygen Free Stock Photos :** [www.tinyurl.com/picgen](http://www.tinyurl.com/picgen)

## LANGUAGES

### LANGUAGES

**Spanish** - Native

**English** - C1

## ACADEMIC BACKGROUND

### Bootcamp Full Stack

2021 - 2022

**REBOOT**  
ACADEMY

Mastered **JavaScript, Nuxt.js, MongoDB, Express.js, Vue.js**, and **Node.js** through an immersive web dev bootcamp. Now, I craft top-notch applications on both the client and server sides. Acquired hands-on expertise and in-depth knowledge during dynamic projects and comprehensive training.
